

Hardness Testers
Rockwell & Brinell LINK RB
Pro Series

MPM is an authorized distributor of Hoytom Universal Hardness Testers. MPM provides installation, maintenance, and calibration services for all equipment sold within the USA.

The Link RB model is a Rockwell hardness tester that is capable of applying loads of 60, 100, and 150 kg. It also has additional loads for Brinell tests (31.25, 62.5 and 187.5 kg). Loads are applied via a motorized system. Loads are easy to select using a rotary controller, and application speed is automatically controlled.

1. Selectable Rockwell and Brinell loads
2. Load selection via rotary controller
3. Loads applied via motor

Optional Accessories:

Brinell Camera

Indenters

Brinell Magnifier

Reference Block

Technical Characteristics

Model	Link RB
Preload lb	22
Rockwell loads lb	132 - 220 - 331
Brinell loads lb	68.9 – 137.8 – 413.4
Vertical Capacity in	6.7
Goose Neck (Horizontal) in	6.5
Dimensions (W x D X H) ft-in	0'8x1'8x2'4
Net Weight lb	221
Power Supply V	220

STANDARDS EN ISO 6508, ASTM E18, EN ISO 6506, ASTM E10
